Letter to George Magsam.  
McConnellsburg, Pa.

Dear Sir: You've got 200 cows; how much will you take for calves and milk of 100 of 'em next year—you pick out the 100?

How much for the other 100? The point is: cows are not all alike, and you know which is which.

It is so with paint. You've got one best cow in that herd. There are 200 different paints in the United States; and one best. You know your best cow; we know the best paint.

The best cow is the one that gives the best calves and milk. The best paint is the one that covers most surface and stays there longest—neither paint nor cow goes by color—nobody asks whether Holstein or Jersey is better to look at.

10 gallons Devco will cover your barn and wear 10 years; it'll take 15 of another paint, and that paint'll wear 5 years.

Reckon costs. Devco: 10 gallons \$1.75, \$17.50; about 10 days' work \$3, \$30; the job, \$47.50 for ten years; \$4.75 a year. The other: 15 gallons \$1.50, \$22.50; about 15 days' work \$3, \$45; the job, \$60 for five years; \$12.00 a year. Devco \$4.75 a year; the other \$12.00 a year. Difference \$9 a year.

That's how to reckon cows and paint.  
Yours truly  
F. W. DEVCO & CO.

Conundrums.

Why is a watch like a river? Because it does not run long with winding.

Why is a Greek fable like a garret? Because it is an attic (k) of the past.

Why is Buckingham Palace the cheapest palace ever built? Because it was built for one sovereign and furnished for another.

Where lies the path of duty? Through the custom house.

Which is the oldest piece of furniture in the world? The multiplication table.

What is the best thing out? A sore tooth.

How to Remain Young.  
To continue young in health and strength, do as Mrs. N. P. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Trout's drug store. Price 50c.

A subscriber once received a dun through the postoffice, and it made him mad. He went to see the editor about it, and the editor showed him a few duns of his own—one for paper, one for type, one for fuel and several others. "Now," said the editor, "I didn't get mad when those came, because I knew that all I had to do was to ask several reliable gentlemen like you to come and help me out, and then I could settle all of them." When the subscriber saw how it was he relented, paid up, and renewed for another year.

14 Graciers Given Hearing.

Contractors and Prominent Officials Arrested in Harrisburg. Combined Bail Almost \$100,000.00.

OTHER ACTIONS BROUGHT LATER.

HARRISBURG, Sept. 18.—In the capitol graft cases which have been hanging fire since the report of the commission several weeks ago, fourteen warrants were issued Wednesday morning, and the arrests of these men were made shortly after, the majority of them being in the city at this time.

They were given a hearing this afternoon before Aldermen Hoover and Wisner and gave bail for court. The combined bail of the fourteen men arrested amounted to \$364,000. Four of the men were held on a bail of \$60,000 each.

The principals in the gigantic fraud who gave bail this afternoon are:

John H. Sanderson, of Philadelphia, the \$5,000,000 trimming contractor, whose profits reached in some instances 4000 per cent.

Joseph M. Huston, of Philadelphia, the architect who designed the building from plans alleged to have been based on former plans prepared by Henry Ives Co. bs.

James M. Shumaker, superintendent of the Pennypacker board of public buildings and grounds.

Congressman H. Bard Cassel, treasurer of the Pennsylvania construction company of Marietta, whose firm is charged with irregularities in furnishing metallic furniture to the value of nearly \$4,000,000.

Charles G. Wetter, treasurer of George F. Payne & Co., of Philadelphia, which firm had a contract to erect the capitol.

Ex-Auditor General W. P. Snyder.

Ex-State Treasurer W. L. Mathies, of Media, who paid the capitol warrants.

George F. Payne, contractor, Philadelphia.

Frank Lavine.

F. B. Lief, assistant to Contractor Huston.

Mr. Todd made it plain in discussing his plans that the criminal suits instituted today will be only the beginning of the legal battle that is to be made by the state for the punishment of the participants in the gigantic fraud and the recovery of graft in the \$9,000,000 capitol "trimmings" contracts.

Mr. Todd has been working almost constantly on these cases since he came here Tuesday from Philadelphia. Associated with him in the preparation of the cases were James Scarlet, of Danville, who will conduct the prosecutions; Senator John E. Fox, of Harrisburg, Deputy Attorney General Cunningham, and Harry S. Calvert, of the capitol probers.

District Attorney Weiss will submit the cases to the grand jury and will take part in the prosecution.

David T. Watson, the Pittsburg attorney, will have charge of the civil suits for the recovery of the graft. These suits will be brought after all the criminal suits have been instituted.

A number of friends assembled at the home of Mr. and Mrs. J. A. Aller, of Dublin township, on Wednesday evening of last week, and participated in a regular old-fashioned applebutter boiling. It is needless to say that all had a good time. Among those present were Mamie Snyder, Amy Myers, William Kelso and family. Nav is hard to take down keeping up the fires.

Why Pa Was Mad.

The voters of the proposed new State of Oklahoma, last week voted in favor of the adoption of the constitution presented for their approval and also for the prohibition of the sale of liquor. At the same time they elected a Democratic Governor of the new State. The matter of recognizing the new State is now up to President Roosevelt. There ought to be, however, no question about his action. It is known that he does not approve certain provisions in the constitution approved by the people, but that fact alone would not justify him in declining to proclaim the admission of the new State into the Union.

Very few people, even among the cultured, can read the following paragraph of ninety nine words without a mistake; try it: "Cleopatra, isola el aml l the oasis, soon became acclimated, and had auple leisure to contemplate all the economic details of her inextricable sword. The wound resisted the allopathic misogynist, who gave a courteous diagnosis and numbly craved precedence for a tiny idyl in the form of a vase with an esthetic acoustic apparatus. This told the news like a book, but it might have been a dog lying in equal from the look she launched at him when he wrote down his address. She ate her breakfast, and then fraternized with a national expert in appendicitis, who attended the obsequies.

Dollar Wheat.

The farmers have much to be thankful for this year. Their grain crops have not only been large but they are bringing good prices—prices that are higher than those which have ruled for some time. Wheat is being sold in this vicinity at 92 cents per bushel. One year ago the farmers received 72 cents for the same quality of grain. The increase in price of 20 cents a bushel, at this early portion of the selling season, is a matter of congratulation on the part of all the farmers. Last year the highest price paid was 93 cents, or only one cent more than today's price. The indications, based on the markets heretofore, are that the price will go up to a dollar and, it may be, even higher. Along with the higher prices for wheat, the farmers have very large potato crops and the corn yield will be very heavy. Those who have fruit are receiving good prices for it and the year, all in all, has been very good for them.
